

Course	Current Fee	Proposed Fee	Rationale
Graphic Design	\$0	\$5	Students use SD cards and various other supplies for prototyping and mock ups.
Graphic Design Fundamentals	\$0	\$5	Students use SD cards and various other supplies for prototyping and mock ups.
Essentials of Culinary and Baking	\$25	\$30	Food costs have increased significantly since the last time fees were reviewed for this course.
Culinary Arts I	\$25	\$30	Food costs have increased significantly since the last time fees were reviewed for this course. (As a student proceeds thru the Culinary pathway, they cook more frequently requiring more items.)
Culinary Arts II	\$25	\$30	Food costs have increased significantly since the last time fees were reviewed for this course. (As a student proceeds thru the Culinary pathway, they cook more frequently requiring more items.)
Culinary Applications	\$25	\$30	Food costs have increased significantly since the last time fees were reviewed for this course. (As a student proceeds thru the Culinary pathway, they cook more frequently requiring more items.)
General Service I	\$15	\$20	The cost of shop supplies is increasing and we need materials for instruction to replicate the workplace.
General Service II	\$15	\$20	The cost of shop supplies is increasing and we need materials for instruction to replicate the workplace.
General Service III	\$15	\$20	The cost of shop supplies is increasing and we need materials for instruction to replicate the workplace.
Chemistry	\$6	\$8	There are numerous disposable costs required for these courses, which, in total, surpass current funding. Examples include biological specimens, chemicals, glassware, and other science-related items that provide the necessary exposure to prepare our students for future success.
Senior dues	\$40	\$45	We are not collecting enough to cover cap/gown and diploma covers.
